New Product Innovation

EPR170H
Equipped with our highest efficiency motor yet, the EPR170H delivers a 30% reduction in energy consumption, with certified HEPA13 filtration down to 0.3 microns at 99.97% efficiency.

NBV190NX
Combining total cordless freedom, powerful and professional cleaning results, maximising cleaning productivity and delivering the results you need without compromise.

RSB150NX
Delivering up to 80 minutes of cordless freedom, a 40% increase in airflow and suction, and maximum user comfort.

PPR170
A professional, powerful and versatile workhorse, packed full of innovative features for the toughest cleaning.

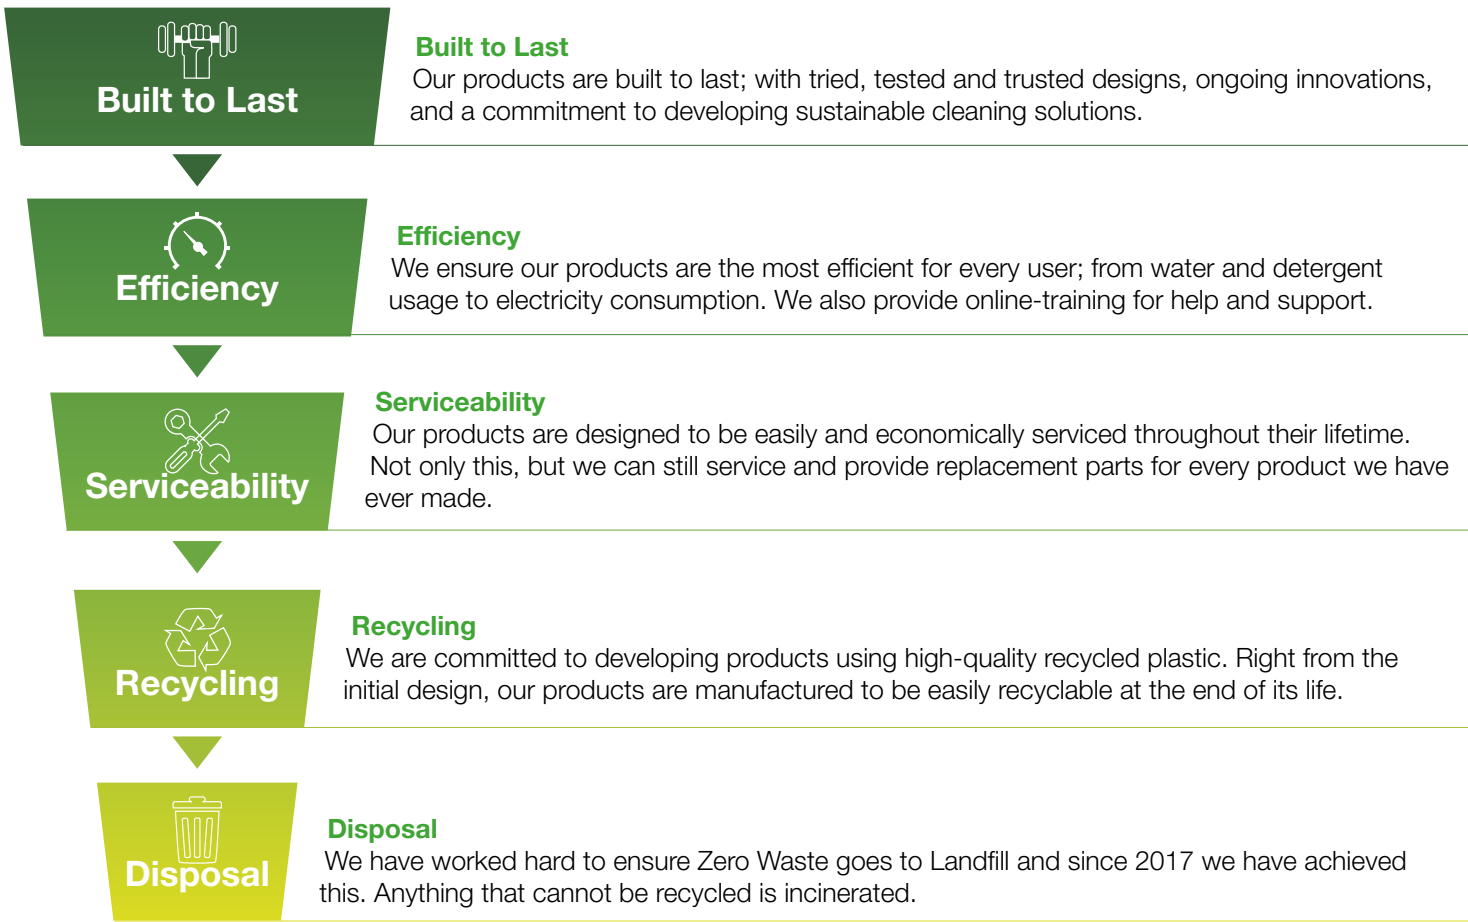

“Innovative and Sustainable Cleaning... Our priority is to ensure our products are sustainably engineered, built to last and ready to handle even the most demanding environments.”

BUILDING on Sustainability

We recognise the need and demand for sustainable cleaning solutions, without compromising productivity or quality.

Our Sustainability Formula

Why ReFlo Technology?

Our ReFlo range is engineered from the highest quality, recycled plastic using our innovative, environmentally sustainable ReFlo Technology. ReFlo Technology uses post-industrial plastics from the automotive industry, which are diverted from landfill or incineration.

NEW ERP180 **ECO Vacuum**

Made from up to 75% of the highest quality recycled plastic; equipped with our highest efficiency motor yet.

Delivering the same high-performance, high-quality and long-lasting Numatic results as always...

30% ENERGY SAVINGS

SUSTAINABLY Engineered
Engineered from the highest quality, recycled plastic using our innovative, environmentally sustainable ReFlo Technology.

ADVANCED Efficiency
Equipped with our most advanced, high-efficiency, high-performance, long-life motor.

30% ENERGY Saving
Professional cleaning while reducing energy usage and cost.

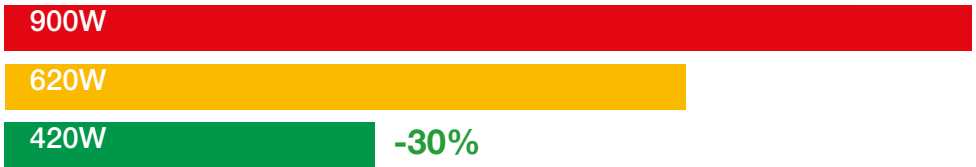

BUILT to Last
Providing the same tough, heavy-duty Numatic construction as always.

HANDY Features
Easy-change plugged cable, on-board tool storage, convenient carry handle and top clip cable tidy.

Annual Energy Usage

Using our new 420W high-efficiency motor, the EPR180 delivers professional cleaning while reducing energy usage and cost.

NEW

EPR170

ECO Vacuum

A professional, powerful and versatile workhorse packed full of innovative features, for the toughest cleaning.

High-efficiency, powerful and professional cleaning results every time.

SUSTAINABLY Engineered

Engineered from the highest quality, recycled plastic using our innovative, environmentally sustainable ReFlo Technology.

ADVANCED Efficiency

Equipped with our most advanced, high-efficiency, high-performance, long-life motor.

GREAT FEATURES for the Toughest Cleaning

Includes tough bumper for wall and door protection and large rear wheels for ease of transit.

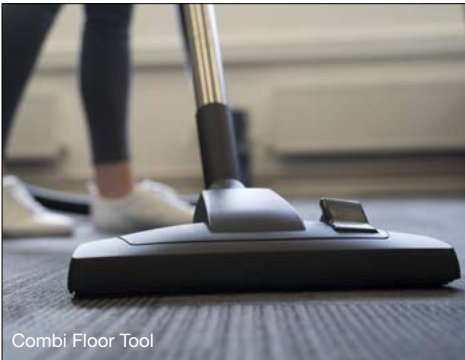

COMPACT & Convenient

Equipped with a long cleaning reach, on-board tool storage and stores nearly away.

HANDY Cable Replacement

A unique plugged cable rewind system for quick and easy changing of cable, if damaged during use.

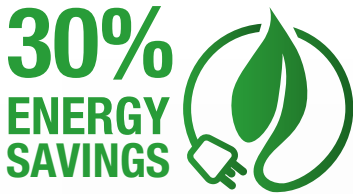

(Floor Tool may vary from image shown).

Environmentally Sustainable
Sustainably engineered drum and internal components made from the highest quality, recycled plastic using our innovative, environmentally sustainable ReFlo Technology.

Reflo Technology
ReFlo Technology uses high-quality recycled, post-industrial plastics from the automotive industry, which are diverted from landfill or incineration.

NEW

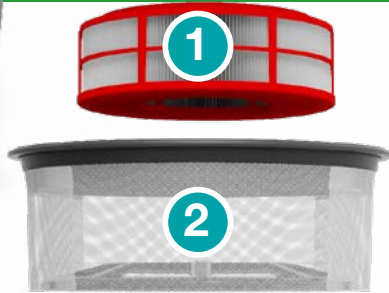

EPR170H

ECO HEPA Vacuum

Certified HEPA13 filtration down to 0.3 microns at 99.97% efficiency.

High-efficiency, pleated glass media construction. (HEPA13 Filter Cartridge)

Advanced HEPA13 Filtration

1 HEPA13 Filter Cartridge
Certified HEPA13 filtration down to 0.3 microns at 99.97% efficiency. Our most advanced filtration in the Numatic commercial vacuum series.

2 TriTex Filter
Traps fine dust within its high-efficiency, triple-layer construction.

3 Triple-layer HepaFlo Filter Bag
3-layers of high-efficiency filter material and unique self-seal tab, allowing for easy, clean and hygienic emptying.

PSP180/240/370

Compact & Convenient

The ProSave Plugged Range is packed full of great features and provides powerful, professional cleaning technology from a high-efficiency, long-life motor in a choice of 3 sizes.

POWERFUL Cleaning

Powerful and efficient cleaning technology from a high-efficiency, long-life motor.

COMPACT & Convenient

Packed full of great features, including a convenient carry handle, on-board cable storage, and handy cable replacement.

EASY CLEAN
& Safe Emptying

High-efficiency, triple-layer HepaFlo filter bags.

GREAT FEATURES

for the Toughest Cleaning
Includes tough bumper for wall and door protection (PSP240/370) and large rear wheels for ease of transit.

STORES Neatly Away

On-board tool storage means tools are always to hand and neatly packed away.

NEW PPR170 **Tough & Professional**
The PPR170 delivers the performance you need with advanced features for powerful, efficient and long-life cleaning.

Compact and convenient, while still tough and professional.

PPR170

On-board Tool Storage and Wand Docking

- COMPACT & Convenient**
Equipped with a long cleaning reach, on-board tool storage and stores nearly away.
- GREAT FEATURES for the Toughest Cleaning**
Includes tough bumper for wall and door protection and large rear wheels for ease of transit.
- EASY, CLEAN & Safe Emptying**
High-efficiency, triple-layer HepaFlo filter bags.
- POWERFUL Cleaning**
Powerful, efficient and long-life cleaning technology.
- HANDY CABLE Replacement**
A unique plugged cable rewind system for quick and easy changing of cable, if damaged during use.

(Floor Tool may vary from image shown).

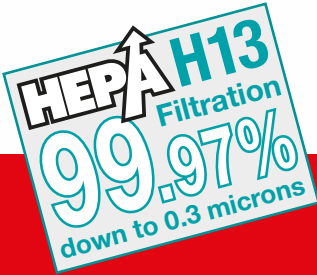

12.5m Cable Rewind and Storage System

Combi Floor Tool Perfect for Carpets & Hard Floors

NEW PPR170H **HEPA**
The PPR170 HEPA combines convenience and versatility with high-efficiency HEPA13 filter cartridge.

Delivering a certified HEPA13 standard of filtration down to 0.3 microns at 99.97% efficiency.

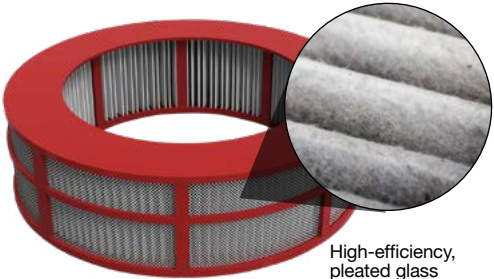

PPR170H

Advanced **HEPA13** Filtration

- 1 HEPA13 Filter Cartridge**
Certified HEPA13 filtration down to 0.3 microns at 99.97% efficiency. Our most advanced filtration in the Numatic commercial vacuum series.
- 2 TriTex Filter**
Traps fine dust within its high-efficiency, triple-layer construction.
- 3 Triple-layer HepaFlo Filter Bag**
3-layers of high-efficiency filter material and unique self-seal tab, allowing for easy, clean and hygienic emptying.

The HEPA13 filter cartridge captures and traps fine particles, such as pollen, dust mites and pathogens, bacteria, reducing the risk of recirculation of these particles back into the environment.

High-efficiency, pleated glass media construction.

The Next Generation of Battery Technology

NX300 Pro Cordless delivers professional level cordless performance to a versatile and expanding range. Quicker, safer and more convenient, switching to Pro Cordless raises productivity levels, saving time and money.

Smart Safe Charge System
Built-in battery status and health check safety system. The SoH (State of Health) system monitors multiple parameters ensuring battery safety.

Maximum Energy Deployment
Delivering power from cell to machine with minimum power loss via high-quality welded nickel power rails.

Integrated Heatsink Casing
Quickly and efficiently cools the pack in use, optimising delivery of power.

Integrated Cooling Design
Keeping cool allows maximum power delivery, the clever NX300 pack design eliminates air pockets acting as an insulation transmitting heat directly out of the pack.

Integrated Handle
Quickly and easily hot swap batteries across the NX range.

Enhanced ENERGY STORAGE
Research and development in cell chemistry and a newly developed x30 cell design delivers a 60% increase in available energy. The NX300 truly delivers on power with 300Wh of energy.

ONE FITS ALL Productivity
The convenience, safety and power of Pro Cordless, with reduced costs and lower maintenance from a single battery and charger system.

RUNTIME
Each product in the NX range is engineered to optimise the NX energy storage, providing the right balance of runtime and power for each cleaning task.

1 HOUR Fast Charge
Recharged to 80% in an hour* and ready to go for every product in the NX300 range.

COST Effective
Made for the long haul, the NX300 won't let you down, engineered and tested for commercial use delivering up to 2500 charge cycles.

* Higher ambient temperatures may increase charge time.

Quick and Easy Battery Change

Power the Entire Fleet with NX Pro Cordless

More Time to Clean
Switching from corded to cordless reduces overall cleaning time every day, maximising productivity with no need to keep plugging and unplugging.

No Cable Trips
Safe and unobtrusive cleaning with no cable, making it the ideal solution to minimise the risk of slips, trips and falls.

Lower Energy Cost
High-efficiency cleaning delivers extended runtime, expanding commercial operation and applications with lower annual energy usage.

No Testing Required
No need for high-cost PAT testing on multiple corded machines when switched over to cordless.

Lower Noise
Minimising distractions and interruptions with lower noise levels compared to corded machines.

All Hours Cleaning
Combining total cordless freedom, powerful and professional cleaning results. Perfect for day cleaning and safe operation in public areas with high footfall.

NBV190NX/240NX, PBT230NX **Cordless Convenience**
Cordless cleaning with total freedom of operation and convenience with our cordless range, equipped with our new NX300 36V Battery Technology and 350W digital brushless motor.

Perfect for day cleaning and safe operation in public areas, increasing productivity and cleaning standards for all.

- CLEAN** for Longer
New NX300 36V Battery Technology delivers 80mins of consistent powerful cleaning.
- PERFORMANCE** You Can Trust
Our most powerful cordless motor yet, delivering a 40% increase in airflow and suction.
- MAXIMUM** Productivity
Combining total cordless freedom, powerful and professional cleaning results.
- NX300** Network
With just one simple battery network, cleaning and swapping batteries between machines has never been easier.
- SAFER** Cleaning
Minimise the risk of slips, trips and falls with no cable, making it perfect for day cleaning.

Kit (see page 32)	AA30E
Dimensions WxLxH (MM)	250x360x440

AVQ250/380 Aircraft Vacs

The AVQ is built to last with tough construction and an exacting 400Hz standard of operation.

AVQ250

AVQ380

BUILT to Last

All-steel, deep-drawn power head provides exceptional strength.

POWERFUL & Efficient

Patented MicroTec noise reduction system and TwinFlo motor.

EASY, CLEAN & SAFE Emptying

High-efficiency, triple-layer HepaFlo filter bags.

IMPROVES FILTRATION

Cleanliness & Capacity

TriTex filter system provides enhanced filtration.

HANDY CABLE Replacement

NuCable system for quick and easy changing of cable.

Model	AVQ250	AVQ380
Capacity (L)	9.0	15.0
Power Cord (M)	18.2	18.2
Motor (W)	960	960
Suction H ₂ O (MM)	2500	2500
Weight (KG)	10.62	11.82
Power (Volts AC/Hz)	110 / 400	110 / 400
Cleaning Range (M)	43.2	43.2
Kit (see page 33)	AS4	AS4
Dimensions WxLxH (MM)	340x340x395	355x355x485

TriTex Filtration

290mm FreeFlo Floor Tool

NVQ570/NVDQ570 Industrial Power

Power and performance in industrial terms needs to be matched to long-life, reliability and user satisfaction.

The NVQs are ideal for numerous trades where they must frequently be moved from place to place while still requiring a large and generous working capacity.

NVQ570 / NVDQ570

UNRIVALLED Performance

Equipped with TwinFlo 2-stage industrial motor.

BUILT to Last

Heavy-duty Structofoam construction to endure years of industrial use.

POWERFUL & Efficient

AirFlo filtration directs movement of air to enhance cleaning performance.

HANDY Cable Replacement

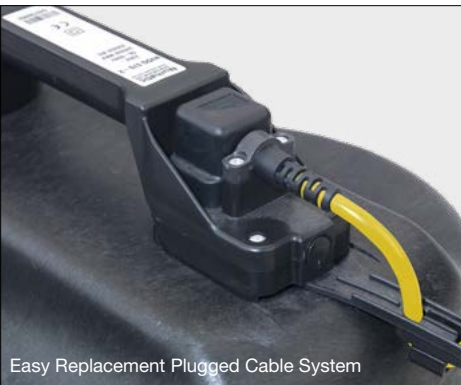

NuCable system for quick and easy changing of cable.

EASE of Transit

Fitted with fully directional front castors and large rear wheels (900 model only) providing excellent mobility.

HepaFlo Dust Bag and AirFlo System

Easy Replacement Plugged Cable System

Model	NVQ570	NVDQ570	NVQ900	NVDQ900

NVQ900/NVDQ900 Industrial Power

Large Handle

Complete freedom and ease of movement during transit.

Handle

Lift-off the head with ease when replacing dust bags and filters.

TwinFlo Motors

Equipped with our TwinFlo 2-stage industrial motor providing unrivalled performance standards.

2-Stage Filter

The 2-stage filter system allows for better filtration and capturing finer particles.

AirFlo Design

Efficiently directs movement of air through the vacuum increasing performance by more than 30% throughout the operating range.

NuCable System

Power cables can be changed without the need for an electrical engineer.

Tough Structofoam

Heavy-duty Structofoam construction used in both head and body for superb strength and impact resistance.

Large Rear Wheels

The large rear wheels provide excellent mobility over the toughest of surfaces.

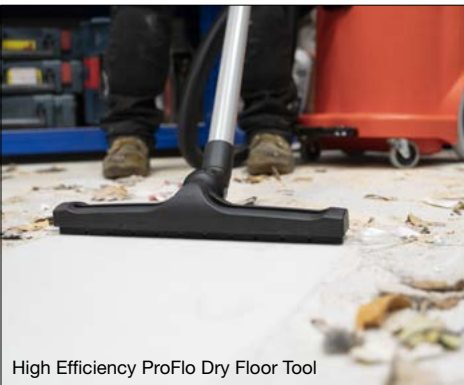

Front Castors

Excellent mobility with fully directional front castors.

NVQ900 / NVDQ900

Large Rear Wheels for Excellent Mobility

High Efficiency ProFlo Dry Floor Tool

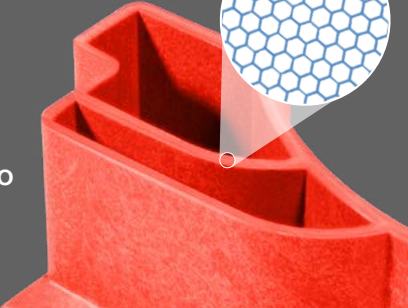

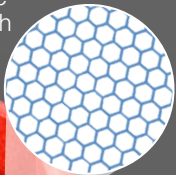

Hi-vis Cable

Structofoam

- ✓ Incredibly tough and long-lasting
- ✓ Hard-wearing and chemical-resistant
- ✓ Exceptional strength-to-weight ratio
- ✓ Lightweight and ergonomic structure

Cellular structure provides strength and flexibility
