Container sprayer 230 V ref. 11356

Spray lance with flat fan nozzle no. 4, spraying angle 110°, approx. 1040 - 1370 ml per minute flow rate, and flat fan nozzle no. 2, spraying angle 110° approx. 800 - 1000 ml per minute flow rate

- container volume 20 L
- 230 V power
- 5 m cable length
- pressure control valve 0.3 - 5 bar
- 5 m reinforced hose
- spray lance with flat fan nozzle

Dimensions:
LxWxH 56 x 21 x 38 cm

Spray Caddy 60 L, 12 V ref. 11359

Battery-operated

Battery capacity 3.3 Ah, sufficient for approximately 60 L (with nozzle 03)
Spray lance with flat fan nozzle no. 3, spraying angle 110°, approx. 1150 ml per minute flow rate, and flat fan nozzle no. 2, spraying angle 110° approx. 800 ml per minute flow rate

- 12 V pump with 100% duty cycle
- LiFePO4 battery with charger
- 8 m reinforced hose
- spray lance with flat fan nozzle

Dimensions:
LxWxH 90 x 52 x 37 cm

Accessories:

Spare battery ref. 10602
12, 8 V 3.3 Ah Lithium Iron Phosphate battery
